Dear "Making Room for Mental Health" Partner,

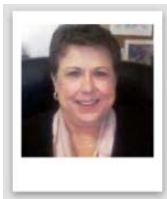

Phase II of the **Making Room for Mental Health** Community-Wide Capital Campaign is officially underway and we're working hard to **raise the remaining \$1.6 Million** to renovate and move into the new MHA building.

There have been numerous campaign events and activities throughout the Fall and MHA staff, board and volunteers are out and about discussing the campaign with individuals, businesses, civic organizations and foundations - and asking for your generous investment!

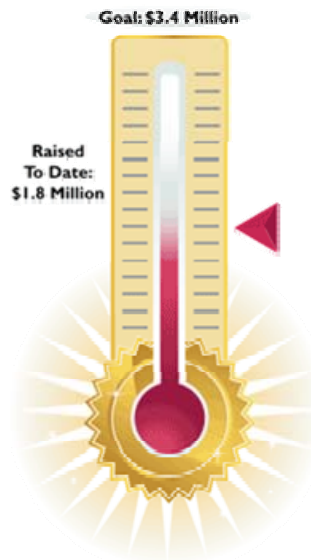

The Board and staff of MHA are deeply grateful for your financial support of this project and look forward to partnering with you again as we enter this new Phase.

This is an historic time for the Mental Health Association and it greatly impacts the 41,000+ people MHA serves in Frederick County every year - ***your continued partnership is key to the campaign's success!***

With Sincere Appreciation,

Jan Sullivan Dockter
*MHA Director of Development & Marketing
Capital Campaign Director*

MHA Awareness Campaign

You may have seen MHA awareness ads around Frederick lately - in newspapers, magazines, online publications and on the backs of buses. The more people know about MHA, the more they are interested in investing in the building campaign. Help us get the word out!

And watch for us around town!
